

Miscellaneous

Sticky Sheet

Sticky polyethylene sheet to trap and monitor pests, intended for habitats and greenhouses

Package: 4-5 rolls per box. Each roll 100m long, 30cm wide.

Instructions for Use

Color	Use Objective and Designation
Blue	Thrips trap
Black	Tuta Absoluta trap
Yellow	Trapping various pests

Qualities:

- Easy and convenient installation – Sticky sheet on both sides, without organic solvents
- Concurrently suitable for biological pest control, suitable for combined pest control
- Roll 30 cm wide, 100 m long
- Effective for six months (under standard conditions)
- Preferred and important to spread the sheets at beginning of growth to prevent pest proliferation. Sheet will be spread over the plants in order to combine pest monitoring and mass trapping.
