

Herbicides
Tribel 480 EC

Emulsifiable Concentrate

Plant Protection and Inspection Services License. No.: 1596/צח/00

Herbicides for broad-leaf bushes and trees in non-agricultural areas

Package: 0.5, 5 liters

Contains: 480 g/l triclopyr liter

Group: O

General: Tribel is a non-selective herbicide for broad-leaf plants and trees. Tribel action is similar to auxin herbicides. Foliage drying continues for 2 weeks-3 months, according to the species of the treated tree and bush. Tribel is intended for trees and bushes in non-agricultural areas, fallow land, roadsides, industrial zones, under high voltage lines and railroad tracks.

Instructions for Use

Treated Plant	Concentration	Remarks
Holy bramble, Slender-leaved madder, Silverleaf nightshade	0.5%	Spray when the plant is in full growth. Spray to fully cover the foliage.
Dwarf mesquite, Camelthorn, Orange wattle, Lentisk, Artemisia, Shaggy sparrow-wort, Thorny caper, Sticky fleabane	1.0%	Spray to fully cover the foliage. In case of renewal, repeat spraying after bloom reaches at least 10cm in length.
Eucalyptus	0.5%	After bloom development in cut trees, when bloom reaches at least 60cm in length.
Treating trees and bushes after cutting and avoiding re-blossoming: Eucalyptus	5% (Diesel)	Apply with a brush or spray the entire stump and all cut side branches immediately after cutting. Stumps of over 30cm diameter, often require another treatment.
